SIX ENTER CITY COUNCIL RACE; LAMBERT DECIDES NOT TO REQUEST RETURN

Election April 13th Promises to Be Lively Affair

KEEP UP WITH NEWS
Statements in full of the two groups of council candidates who yesterday announced their candidacies, as well as pictures of all six, appeared in last night's Tribune. Keep up with the city council campaign by subscribing now to Redwood City's complete daily newspaper!

Mayor Charles G. Lambert will not be a candidate for re-election!

Incumbents Robert N. Jones, George W. McNulty and Paul A. McCarthy will run again!

Three newcomers to city politics, Eugene Cerqui, H. L. Irwin and Dr. Paul S. Wagner will run as a ticket.

Topped in interest by Mayor Lambert's dramatic announcement, city politics came to life with a force yesterday in the entry on the same day of the six candidates in a city council election fight to be settled Monday, April 13.

At that time, four seats will be filled by the voters. Terms of Lambert, Jones, McNulty and McCarthy expire this spring. Hold-over candidates are Louis Christensen, James E. and Evans Fletcher.

Cerqui, Irwin and Wagner announced that they are "sponsored by a group of Redwood City businessmen and property owners."

The sponsors, according to the candidates, will campaign under

the name of "The Redwood City Taxpayers."

They issued a 10-point platform to which they are committed, and declared:

"It will be the purpose of these candidates to cooperate with the holdover members, James E. Evans Fletcher and Louis Christensen, who were elected two years ago under the 'New Deal' ticket, and who have found themselves on the short end of many four to three votes on important questions."

CITY HALL SHAKEUP

The press release of the three candidates concluded with the statement:

"It is freely predicted that the election of Eugene Cerqui, H. L. Irwin and Dr. Paul S. Wagner will result in a shakeup in the city hall."

In the 10-point platform, which is printed in full elsewhere, the new candidates "decry" the expenditure of \$5000 to \$7000 for a survey to fix the values of the Pacific Gas and Electric Company properties in the power acquisition plan; pledge themselves to 100 per cent Hetch Hetchy water, city beautification, encouragement to industry, tax reductions, 1915 street bond action, park and recreational acquisitions, traffic protection, development of the yacht harbor, and submission of the deep water harbor issue to the citizens.

ACHIEVEMENTS LISTED

Incumbents McCarthy, McNulty and Jones, in listing achievements of their tenures, declared:

"In response to economic necessity and public demand for reduced costs of government, your city council has consistently during each of the last seven years reduced the tax rate for general purposes of government . . . notwithstanding the substantial reductions in assessments in those parts

of the city where values of property declined most noticeably.

It is asserted "this year the cost of general government, including public library, is more than \$40,000 less than it was for the year

ended June 30, 1932."

The incumbents report that during the past four years the city's bonded debt has been reduced about \$100,000.

United Building 10 New Planes For Coast Run

The first of a fleet of ten Douglas 24-passenger transport planes, which are to be purchased by United Air Lines, will be placed into service early in July, W. A. Patterson, president, announced today.

Appropriation of \$1,000,000 for the new equipment was authorized by the board of directors of the air line to accommodate the increased business expected during the summer months.

With the acquisition of these ten planes United will have a fleet of 60 twin-engine transports. The new Douglas will be placed on the company's coast-to-coast route, particularly between New York and Chicago. The twin-engine Boeings will be used on additional schedules to provide frequency of service.

Burr Winslow, Harry Huking and other veteran pilots are now at the Douglas plant at Santa Monica testing out the first of the giant ships. Weighing 12 tons, with a wing spread of 95 feet, an overall length of 65 feet and an overall height of 16 feet, the Douglas DST's are the largest land planes ever built in the United States.

The purchase of the new equipment resulted from United's increase of 21 per cent in passengers and 56 per cent in mail and express last year.

Political Flood Of Publicity Held Press 'Chiseling'

San Mateo county newspaper publishers and wives held their monthly dinner meeting at Pete and Mary's Grill on Monday, with Edwin Wilder, San Francisco manager of the California Newspaper Publishers' Association, speaking on the prospects of appropriations for political advertising during 1936.

Members discussed the great flood of propaganda and publicity now being released by national candidates and proponents of state referendum measures with requests that it be published free. It was decided that the bulk of this material should be saved and returned to the sponsors, in an attempt to stop the abuse of "chiseling" free space from newspapers and then purchasing paid advertising from other media.

Eighteen members were present at the meeting including both weekly and daily publishers, Mr. and Mrs. Sam H. Winklerbeck were host and hostess to the group. President W. E. Pitschke, publisher of the Daily City Record, presided.

Latham Mansion at Menlo Park Now In Process of Being Razed

By DENNIS O'KEEFE

One by one the old land marks of Menlo Park are passing into oblivion. The wrecking of the Flood mansion last year was a calamity. The great historic building is gone. Now the equally famous old home of the late Milton S. Latham is to be dismantled.

When the late Mrs. Moses Hopkins purchased the property many years ago, she lived in the mansion but when it came into possession of Mr. and Mrs. Timothy Hopkins, it was only occupied for a few years. It has been idle ever since the earthquake.

This magnificent dwelling was erected at a great cost in the sixties by Latham, then in the heyday of his power and glory. Imported woods from all sections of the world were brought for the interior of the great structure. The grounds were laid out in keeping

with the home. Bronze statuary of every description was purchased in foreign lands and placed on the green lawns to be admired by Latham and his friends.

His stables were palatial homes for his well-bred horses which he drove in tandem to San Francisco almost every day. The equipage with its liveried footmen and buglers attracted wide-spread attention when passing up the peninsula.

Latham was an extravagant entertainer. Nothing was too good for his political friends. If those old walls of the dwelling could speak, what tales they could tell of the orgies of those midnight suppers.

Latham was wealthy, having acquired millions in the mines. He had political ambitions and paid dearly to soar in high places. He was governor of California for two days. He took the oath of office on January 9, 1890, and was elected to the United States Senate on January 11, 1890, to fill the unexpired term of Senator David C. Broderick, killed in a duel by Judge David Terry at Lake Merced, September, 1859.

Latham served his term and died in New York March 4, 1892. It is said, almost penniless. Thus, indeed, to the "Paths of Glory Lead But to the Grave."

Eucalyptus Tree Fate Will Rest On Safety Survey

BURLINGAME, March 3.—Burlingame's city councilmen will meet Sunday morning with residents of the north end of the city and members of the planning commission to make a survey of dangers said to exist in tall eucalyptus

trees that line El Camino Real and Easton drive. The charge was made at the council meeting last night that menace of falling branches made the trees unsafe. On the other hand residents appeared to protest cutting down of the trees and to propose that some effort be made to save the trees by making them secure. This resulted in scheduling the survey.

Two new members were named to the planning commission. They are George W. Coleman and

Miss Janet P. Rogers, president of the Peninsula League of Women Voters. They will succeed Mrs. George Bigler and N. A. Bowers, who resigned.

Three councilmen whose terms expire this year will run again for office, as will City Clerk James Murphy and City Treasurer Frank A. Bloom. In addition to Allan F. Hunt and William P. Handlos, whose candidacies were announced yesterday, Councilman W. W. Hives has filed his papers.

MENLO PARK NEWS

John Maloney, young son of Mr. and Mrs. C. T. Maloney, Pine street, is making good as a cartoonist on a daily paper in Los Angeles. Maloney's cartoon, printed at the death of Will Rogers and entitled, "The World Mourns," won the young artist great praise. He received hundreds of letters commending him for his effort. Maloney plans some day to work on one of the big New York dailies.

Councilman Irving Dunn is no longer connected with the Associated Oil Company's plant on the highway. The place has been taken over by James H. Doherty of San Francisco. Frank Morey has also left the station to accept a position with the Building Material Company.

A mission will begin in the Catholic Church here Sunday and continue to the following Sunday. Two eloquent Paulist fathers will conduct the services. The priests will speak in dialogue every evening. A large attendance is expected.

The beautiful home of Hugh Porter on Ringwood road was sold this week to a wealthy Stockton resident who has already taken over the estate. The land on which the palatial dwelling is erected was originally a portion of the Flood holdings. A large strip of land bounded by the Bay road and Ringwood road was bought some years ago by the late E. W. Hopkins who erected three homes for his three beautiful daughters on the choice acreage. One of the daughters, Mrs. McNear, passed away and the property came into the possession of Hugh Porter. Being wealthy, he entertained lavishly until the crash in the stock market came. Since then the home has been unoccupied.

Willard Aylward, for the past 12 years caretaker of the Children's Aid Home on Arbor avenue, has resigned and will depart shortly for Ireland to spend the remainder of his life in the land where he was born. Some weeks ago his wife passed away. His friends in Menlo Park wish him God speed on his long journey home.

The many friends of Mrs. Fred Worrell will be pleased to learn that she is recovering from the result of burns she received last week when there was an explosion in her kitchen stove. For a while her relatives were alarmed. She has passed the crisis and is now out of danger.

The card party planned by Menlo Park Native Daughters of the

Golden West for Monday evening, March 9, has been postponed two weeks until Monday, March 23. The party will be held in the Masonic hall.

California lost another of her most distinguished pioneers with the death at Santa Barbara Friday of George Aiken Batchelder, 76, native of San Francisco and an early day financier. Retired since 1908, Batchelder moved from his spacious estate in Atherton to Santa Barbara. He married Mary Kittredge in 1885. Besides his widow, he is survived by a son, Kittredge, of Los Altos; a daughter, Mrs. de Lancy Lewis, of Atherton; two grandsons, de Lancy Jr. and Douglas Lewis, and several great grandchildren. Mr. Batchelder served the United States under his uncle, Major General Richard Batchelder, quartermaster general of the U. S. Army, and in the early nineties established the first bond house in San Francisco.

W. W. STONE PLANS HOME.

A new five-room frame house and garage at 340 Oakwood boulevard is planned by W. W. Stone. It was disclosed Monday with securing of a building permit at the city hall by H. F. Coykendall, contractor.

COUNCIL RACE

(Continued from Page 1)

Improvement in Redwood City's water supply, with efforts being made now to secure Hetch Hetchy water at a lower price; the construction of a central fire alarm system at nominal cost; the development of recreational facilities in the softball park and tennis courts; improvement of drainage structures, like the Woodside road one; city beautification efforts, and opening of the harbor campaign were listed as other achievements by the incumbents.

CANDIDATE SKETCHES

Of the candidates, whose biographical sketches are given in other columns, Jones is an engineer and has been a councilman four years. McCarthy is an attorney and has served seven years, and McNulty is a lumber dealer and has been a councilman 20 years; Cerqui is a native of Redwood City and is a salesman; Irwin is a retired naval officer, and Wagner is a retired army officer now practicing medicine in Redwood City.

Mayor Lambert, who is a real-

tor, served five years as councilman.

LAMBERT TELLS VIEWS

In deciding to retire, Lambert stressed the fact that if re-elected now, another four years of service would place him near his 70th birthday. He declared that he has never had time for recreation, and now hoped to have greater freedom to enjoy himself.

"I've played very little in my lifetime," he told his running mates, "and now I want to retire." Picas of his colleagues to re-

consider. This he had done until the change of mind last night.

Mr. Lambert's decision, although often heretofore expressed, came swiftly, the verdict being reached last evening after he had circulated his nomination papers and secured 10 outstanding citizens as sponsors.

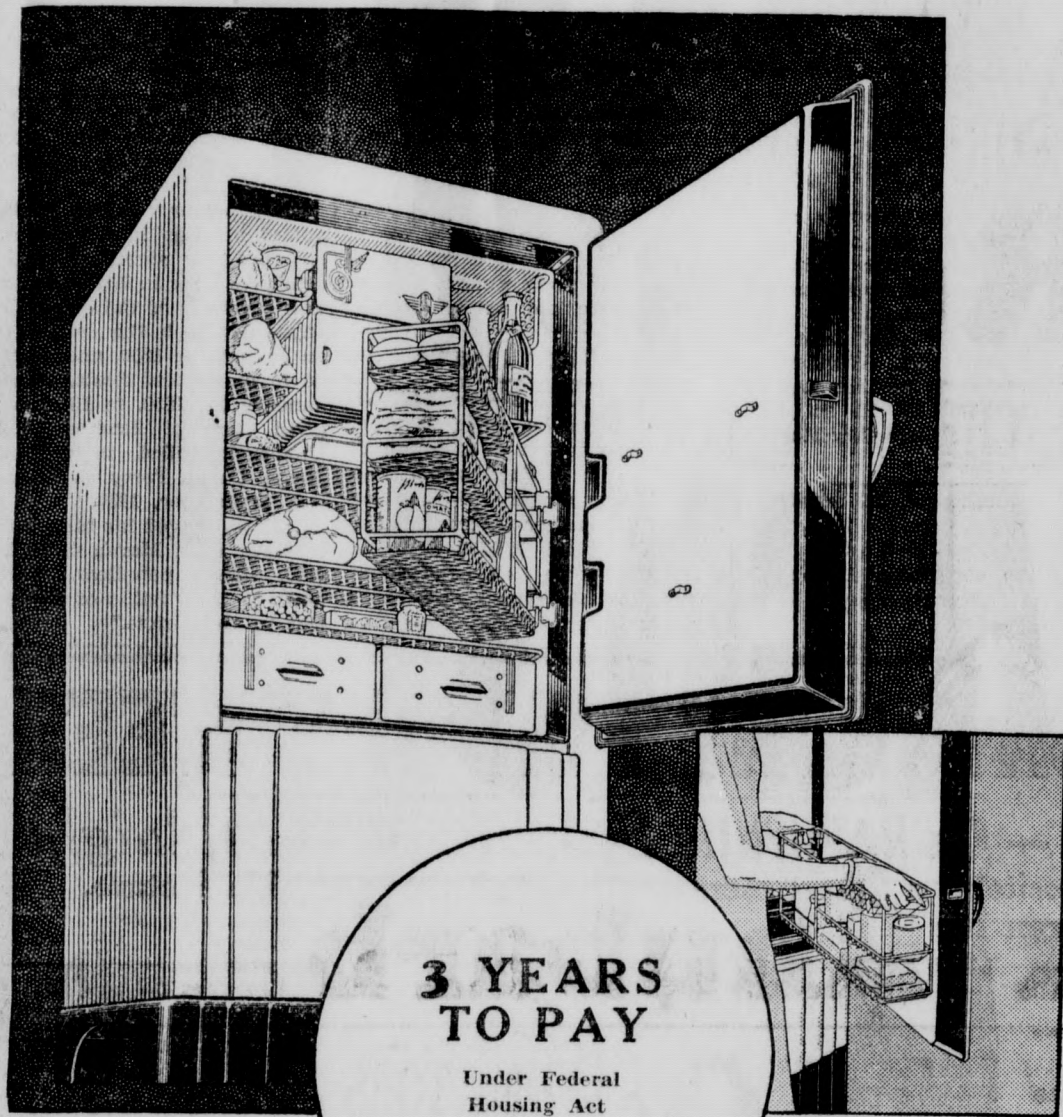

He had often repeated a wish to be permitted to retire from city politics at the end of his term, and it was generally understood that he would not be a candidate up until recently, when his colleagues prevailed upon him to re-

consider. This he had done until the change of mind last night. Mr. Lambert explained that he went into politics in July, 1931, to serve out the nine months remaining of the term of Councilman Elmore Hinman without any thought of seeking election the following April, but on April 11, 1932, stood for election, and conducted a successful campaign. Two years later, on April 16, 1934, Mr. Lambert was elected president of the council, and as such became mayor of Redwood City.

A Year

Ahead

with the startling

--- SAV-A-STEP
--- SLID-A-TRAY
--- TILT-A-SHELF

Off to a flying start. First showing of NEW 1936 Electric Refrigerators. A year ahead of competition... with the Sav-a-Step giving 30 per cent more front shelf space. You would have to pay from \$30 to \$60 more to get as much really get-at-able space—and you wouldn't have a Stewart-Warner.

But the Sav-a-Step is only one of the year-in-advance features which make this refrigerator an outstanding value. There is the Slid-a-Tray... which lets you re-arrange things without moving back and forth. There is the Tilt-a-Shelf... which instantly makes room for tall bottles and large packages. And then—down below—there is the noiseless two-cylinder compressor that runs more economically than any other you can buy at any price.

The makers of Stewart-Warner refrigerators have been in business Over a Quarter of a Century. The Stewart-Warner is a company of unquestionable financial strength, with 19,000 stockholders—a proven management—and with no bank loans, no bonds or other indebtedness—and no preferred stock.

Mr. and Mrs. Reinhard, after thorough and painstaking searching, have chosen the Stewart-Warner as the finest and most economical refrigerator of 1936.

We are proud to sell this refrigerator... you will be proud to own it... you will enjoy it for years and years... you will always be glad you selected the year's outstanding leader. On March 31 the F.H.A. ends. You would be very wise to select your Stewart-Warner now on F.H.A. terms before the last-minute rush.

Welch in Pledge To Support R. C. Port Fund Pleas

Richard J. Welch of San Francisco, representative of the Fifth Congressional District, Monday pledged his support in Washington, D. C., in efforts to secure funds for Redwood Harbor work.

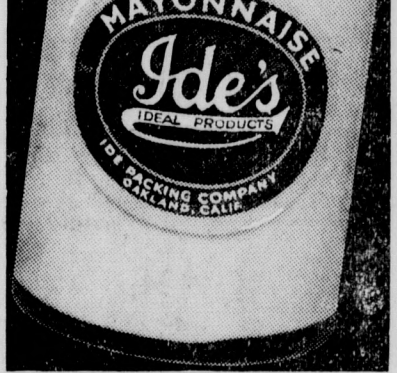

Welch, in writing to the Council Harbor Committee, declared: "You may be sure that I will be glad to co-operate in every way that I can in urging the PWA to provide the grant (\$96,000) and also assist in obtaining the necessary funds for dredging Redwood Creek."

Welch will join Congressman John J. McGrath of the eighth district and other interested representatives in urging federal funds for the project, now held up because of lack of the grants.

The total consumption of water in Stockholm last year was 40,400,000 cubic meters, or 54 per cent more than in 1934.

'Sinking Fund' Urged for New Court Building

Cites Memorial Park And Community Procedures

County Manager Walter T. Kellogg announced Tuesday that when the budget for the coming year is prepared he will advocate the placing in it of a "sinking fund" to build a new courthouse.

Pointing to the Community Hospital and Memorial Park as examples of property that can be acquired through direct levy of taxes, Kellogg asserted that by levying a small tax each year for the next eight or 10 years a county building could be constructed at the end of that time without resort to bonds.

Kellogg's announcement followed disclosure by Assessor Daniel P. Flynn that the present courthouse presents a distinct earthquake hazard because it is built of sandstone ashlar.

At the present time, \$200 a

month is being paid in rent for the old postoffice building to house engineering, health, planning, purchasing and building departments; \$80 a month is being paid for quarters in the Sequoia building for the school superintendent, and \$40 a month is being paid for the justice court, Kellogg said. This total of \$3,840 a year would be saved were a new building of sufficient size constructed.

An annual levy of 5 cents per hundred would provide approximately \$50,000 a year, according to Kellogg. This could draw interest until the building is erected. He declared the levy would not be an undue burden on the taxpayer, since the county now enjoys a low levy—\$1.05 per hundred.

"A similar thing was done in Martinez," Kellogg explained. "Now they have a fine new building, and residents tell me there the money was raised so easily they actually can't understand how they got enough funds to build it."

The Contra Costa county courthouse cost approximately \$400,000, it is understood.

Hopelessness of ever building a courthouse with a bond issue was seen by Kellogg in pointing out the county's attitude of a year and a half ago towards voting bonds for an office building.

NEED LONG FELD
On the other hand, the county constructed its \$342,000 Community Hospital with direct levies, he said. The office building—west wing was built in 1922; the tuberculosis pavilion in 1924; the nurses' home in 1925 and the east wing in 1931. Now the plant is owned debt-free by the county. Memorial Park, valued with improvements at \$78,922, was bought in a similar manner.

Need for additional courthouse facilities has long been apparent because of the lack of space in the building and because of its partial obsolescence, which caused Assessor Flynn to depreciate the building's value 33 per cent in the appraisal report which asserted the structure was unsafe in event of earthquake.

Flynn valued the building, which cost \$306,670, at only \$145,711 because of its obsolescence and because of its depreciation since constructed in 1910. Bonds which built and furnished the structure are still being paid on by the county.

A new species of protozoa was discovered in the Okefenokee swamp, Georgia, in 1933 by Prof. William S. Boyd of Emory university.

Liquors are served to passengers on European transport planes.

County Census Figure Placed Now at 91,190

State As Whole Gains 12 Per Cent in Past 6 Years, Estimate

"San Mateo county had a population of 91,190 on January 1, 1935, an increase of 13,755, or 17.81 per cent, over the 1930 census population of 77,435, according to estimates announced today by the California Taxpayers' Association.

Population of the state as a whole, the taxpayers' association estimates, is 6,387,000, an increase of 690,609, or 12 per cent since the 1930 census, when the population of the state was 5,677,251.

The 10 counties showing the greatest numerical increase in population were Los Angeles, San Diego, San Francisco, Riverside, Monterey, Sacramento, Alameda, Kern and Santa Clara. The 10 counties showing the greatest percentage increase were Alpine, with an increase estimated at 136.5 per cent, or from 241 to 570; Mono, Trinity, Nevada, Mariposa, El Dorado, Monterey, Yuba, Sierra and Riverside.

In only two counties, Modoc and San Benito, is a decrease estimated.

In spite of these increases in population, the taxpayers' association points out elementary school average daily attendance throughout the state has declined, the 1931-32 peak figure being reported as 684,014 while during the 1935 school year there were but 673,012 children in average daily attendance in the elementary schools. The decline from the 1931-32 peak showed 11,000 fewer units, or a decrease approaching 2 per cent.

In the peak year, 1931-32, San Mateo county showed 10,487 units of elementary average daily attendance, while for the school year ending in June, 1935, the county showed 10,277 units.

California, contrary to the declining trend in its elementary school average daily attendance, seems to be increasing in population at a faster rate even than the United States as a whole, although how long the increased rate of growth may continue cannot be predicted.

Mrs. Michel Mazeris Dies of Lung Illness

Following a several months' illness, Mrs. Veronique Mazeris, wife of Michel Mazeris, died late Saturday at the French Hospital, San Francisco. Mrs. Mazeris had lived in Redwood City for the past 12 years at 908 Clinton street. She was a native of France.

Mrs. Mazeris was the mother of Emile Pouquette, mother-in-law of Evelyn Pouquette, grandmother of Emile and Edouard Pouquette and sister of Catherine Bellegarde. She belonged to the Seminoles Council No. 68, D. of P., and Perseverance circle No. 72, W.A.O.D.

Second Clipper Ship Arrives in Honolulu

With Capt. J. H. Tilton of Menlo Park at the controls, the Philippines Clipper landed at Pearl Harbor, Honolulu, at 10:38 a.m. Pacific Standard Time Monday to com-

plete a flight from Alameda in 19 hours, 12 mins., according to United Press dispatches. The clipper is scheduled to leave tomorrow en route to Wake Island. Captain Tilton, who lives on Arbor avenue, a crew of seven men and three Pan American Airways Company officials were aboard.

CREEL'S AID IS SOLICITED IN IMPORT PLEA

Attorney Morrissey Confers in S. F. With Harrison

W. H. Morrissey, Redwood City attorney and chairman of the harbor committee of the San Mateo County Federation of Improvement Clubs and Associations, conferred in San Francisco on Wednesday with Maurice E. Harrison, prominent San Francisco Democratic leader, in an effort to solicit further assistance for the Redwood City harbor project.

Morrissey planned to send a night letter tonight to George Creel, former WPA administrator, urging him to contact WPA and War Department aides in Washington, D. C., in behalf of the harbor.

Harrison, brother of Edward T. Harrison, Redwood City banker, is one of the policy-determining Democrats of the Pacific coast area, and is a close friend of United States Senator William Gibbs McAdoo.

The San Franciscan already has given his assistance to the project and has contacted McAdoo, who pledged his assistance. The attention of Harrison, Creel and McAdoo to speed the project so that it can be placed on the April 13 ballot is Morrissey's aim in today's visit.

DOES BLADDER WEAKNESS Wake You Up

In four days your druggist will return your 25¢ if not pleased. Drive out the excess acids and waste which cause the irritation resulting in sleepless nights, frequent desire, scanty flow, burning or backache. Use suchu leaves, juniper oil, etc., made into little green tablets called Bukets. They work on the bladder similar to castor oil on the bowels. Get your regular sleep. It's nature's greatest restorative. Young Drug Co.

Menu Flashes by Joan Andrews

I sometimes think the best thing about winter is winter squash. At this season it is abundant, and reasonably priced. Did you ever try stuffing Hubbard squash? Melt some butter and in it brown some chopped onion and some moist bread crumbs. Heat these in the butter, then season the mixture and add a beaten egg and baked, mashed squash. Fill the shells again, sprinkle with butter and cracker crumbs and return to the oven.

The majority of good recipes call for the use of butter, and the majority of good cooks in California call for Golden State butter. They know that Golden State butter can be relied upon to contribute to the success of their cooking. Golden State butter is always fine flavored and rich—the best butter it is possible to produce.

TALKINGTON CASE HELD TO BE ERROR

Judge Still Believes Supreme Court Erred In Giving Retrial

Belief that in granting Mrs. Bertha Talkington a new trial in which she gained her freedom, the state supreme court "gravely erred against the rights of the people" is still held by Superior Judge E. N. Rector, whose remarks to the jury at her first trial in Merced influenced the high tribunal to grant the retrial.

Associated Press reports disclosed that Judge Rector's opinion is that the upper court's decision "cannot be justified." Mrs. Talkington was accused of slaying her husband, Lamar ("Bob") Talkington, brother of J. L. Talkington of Redwood City.

"As to reasons for the acquittal in the second trial much might be said. But right on the surface one clear showing is that our young and inexperienced district attorney was trying his first superior court case against two long-experienced, emotion-stirring, jury-persuading attorneys and the reports are that everything at the trial, except the alluring arguments of these experienced attorneys, glided shadowily and mildly along."

Citizens Informed How to Report Fires

For what is believed to be the first time in Redwood City, the fire department is making a house-to-house canvass and inspection to "check up" on fire hazards and to inform local residents of the proper procedure in reporting a fire.

Fire Chief Mark Ryan disclosed today that Fireman William Lutje, uniformed and in a red truck, will in the next few weeks visit all homes. He will leave a prepared card giving the telephone number of the department, Redwood 130; the location of the nearest fire alarm box; instructions to telephone Redwood 875-J to report street lights out, and an invitation to visit the department's two firehouses and to make suggestions.

While Fireman Lutje will make no attempt to inspect interiors of homes he will cast an appraising eye over garages and exteriors of the houses he visits.

100 Musicians At Conference Over Week-End

With approximately 100 bay re-
gion music teachers and directors
attending, the bay section confer-
ence of the California-Western Mu-
sic Educators Association Saturday
at Sequoia high school was de-
clared by Otis Carrington, head of
the local music department, to
have been even more of a success
than he had anticipated.

"I am more than pleased," he
said.

Seventy-five persons and 16 per-
formers attended the banquet held
in the school cafeteria after panel
discussions and visits to the school
music department during the after-
noon.

Mayor Charles Lambert was
toastmaster. Principals Clarence
Argo and John Gill were speakers.
Sequoia musicians took part in
the program of music given by Se-
quoia, Burlingame and Palo Alto
high school students.

Charles Wood, tenor, sang, ac-
companied by Gladys Liddicoat.
Jack Lessard gave several trumpet
numbers, accompanied by Mrs. A.
Bain. The Sequoia String Quar-
tet, coached by Norma Letroadee,
played. Members were Miss Le-

MRS. GAVIN HIT BY ANOTHER SUIT

Second Action in Week Names Flood Heiress And Investigator

From all sides come suits to plague Mrs. Constance May Gavin, winner of a million-dollar share of the James Flood estate.

Latest action was on file in San Francisco today. It was brought by A. Q. Lombard, Oakland attorney who joined as defendants the heiress herself Aureguy, and members of the former law firm of Ford, Johnson and Bourquin, now dissolved.

Lombard alleges that in September, 1926, shortly after Mrs. Gavin launched her fight 10 years ago this April, he was called upon by the defendants to investigate various matters in connection with the case. For his work, he received only \$1,000. He values his services at another \$24,000.

Lombard's suit followed that brought two days ago by Mrs. Margaret Byrne, widow of Augustine Byrne, another asserted investigator. She asks \$25,000 for her husband's services.

State to Send Income Deputy Here March 6

An income tax deputy is being sent here on March 6, 7 and 8 to assist in making out California state income tax reports, Thomas F. Peeney, area supervisor, reported today.

The deputy will be stationed in the Bank of America and will have with him a supply of the necessary forms. The California income tax act is modeled along the lines of the federal income tax law, and like the latter requires the filing of a return where the net income of a single individual for the year 1935 amounts to \$1,000, or where the net income of a married man living with his wife amounts to \$2,500.

A return is also required when the gross income amounts to \$5,000, even if the net income is less than the above noted amounts.

It should be noted, too, that under the state act the salaries of State, county and city employees are subject to the tax.

An increase in December of 202,211 in the number of German radio owners brought the total to 7,192,952 for 1935.

Deferred consideration of an ordinance providing that dogs must be kept on leashes, after hearing reports that more protests were registered than approvals.

Communist Activity Charged to Baker

(Special to The Tribune)

SAN MATEO, March 4—San Mateo police arrested Aage V. From, 44, Burlingame baker, last night for allegedly distributing Communist literature.

He was taken into custody on complaint of Joseph F. Cambiano, who charged that From was putting Communist circulars into automobiles of men attending a meeting here of the carpenters' union. From was freed on \$25 bail to-day. The specific charge facing him is of distributing circulars without a permit.

Rudyard Kipling, who was born in Bombay in 1865, is the son of John Lockwood Kipling, an artist of considerable ability.

Ide's Mayonnaise Gains in Flavor For Baking Uses

Housewives who are seeking to improve their baking are quickly learning the advantages of using Ide's Mayonnaise in baking instead of the usual shortening, butter, eggs and milk.

Ide's Mayonnaise makes tender, flaky pie crusts, even-textured, delicious cakes, light biscuits and delightfully crisp waffles. Women who use Ide's Mayonnaise find that it eliminates the hard work in baking and reduces their food bills.

Tasty muffins delight every member of the family. Here is a simple recipe:

Ide's Mayonnaise Muffins
3 tablespoons Ide's Mayonnaise
1 cup water
2 tablespoons sugar
2 cups flour
4 tablespoons baking powder
Mix mayonnaise with water and add to the sifted dry ingredients. Stir until well blended. Bake in greased muffin tins in moderate oven (400 deg.) for 25 minutes. Sufficient for 12 muffins.

Domestic airlines and their foreign extensions now employ approximately 900 transport pilots.

It's Thrifty to Buy at SERVICE MARKET

No wonder the SERVICE MARKET has won the OKAY of so many folks of our community. They know they can always get the finest meats, vegetables, eggs and butter here for the least money. Phone orders filled carefully—delivered promptly.

Shoals Dredging 4 Per Cent Done, Engineers Report

Approximately 4 per cent of the fill on the 385-acre site for the San Francisco Bay Exposition of 1939 on Yerba Buena shoals has been completed to date, according to Lieutenant Colonel J. A. Dorst, district engineer of the United States Army, who today reported "satisfactory progress" in army dredging operations at the site.

Of the 19,000,000 cubic yards of sand required for the fill, 800,000 cubic yards have been deposited by the four army dredges Sacramento, McKenzie, San Pablo and Culebra. The Sacramento, McKen-

Santa Clara to Get Young Auto Thief

Before San Mateo county prosecutes George Calais Jr. of Sunnyvale, the 14-year-old confessed automobile thief who led Patrolman Frank Chevalier an 80-mile-an-hour chase into San Francisco, he will be turned over to Santa Clara county authorities on charges of stealing the sedan, Superior Judge A. R. Cotton decided yesterday afternoon.

zle and San Pablo, with a total capacity of 42,000 cubic yards a day, are working on a 24-hour schedule, while the Culebra is dividing its time between shoals work and other dredging.

New Governor Heard By Local Kiwanians

Headed by Clarence Argo, Redwood City Kiwanis Club president, eight local Kiwanians attended a Division No. 2 dinner meeting on Tuesday at the Fairmont Hotel in San Francisco where they heard a speech by Charles Crooke of San Jose, new district governor of the California-Nevada district. Senator Will H. Sharkey, lieutenant governor of the division, presided.

The delegation from the local club was composed of Argo, J. E. Morrish, John E. Layne, Louis A. Behrens, William Hohn, Al Seagrave, E. E. Hinman and J. D. Hedge.
